WORKING TOGETHER ON BEHALF OF MILITARY FAMILIES

O'FALLON, MO - On August 8th, the River City Rascals hosted their annual H.E.R.O.E.S. Care night in honor of veterans and their families. Thanks to caring sponsors, hundreds of military members and their families were provided free tickets to the game. As part of their continuing support of veteran centric charities, Dawson Dodd Heating and Cooling donated \$250 to H.E.R.O.E.S. Care in the name of every Customer purchasing a whole home system during their Independence Day promotion.

"We can never do enough to thank our veterans and their families for their service and sacrifice", said Pat Dodd, president of Dawson Dodd Heating and Cooling. "It is an honor to be able to give something back by doing what we do best".

H.E.R.O.E.S. Care (Homefront Enabling Relationships, Opportunities, and Empowerment through Support) is a collaborative effort between four charities working together to provide comprehensive care for service members and their families in the communities where they live. Military families are assigned to specially trained caregivers who have priority access to organizations that provide emergency financial and material support, job training and placement services, and confidential mental health care before, during, and after deployment.

"Using the home state of H.E.R.O.E.S. Care as an example, there are roughly 50,000 members of the active military, guard, and reserve and their families who call Missouri their home," said Dave Woolley, Vice Chairman of the Board of H.E.R.O.E.S. Care. "Of these, around 5000 are deployed at any given time. More than 500 of these families require the critical support H.E.R.O.E.S. Care provides. This gift will extend program services to at least 15 of these families."
